

#ALL4^{ITALY} 2021 CLIMATE

YOUTH AND COMMUNITIES for CLIMATE CHANGE CHALLENGES

During a two-day event, a series of short videos of students from Universities across the world, working with local communities around problems of climate change, will be showcased. On day 2 a forum of discussion will enable to reflect on the learning from this experience and how education can be enriched in the field of climate change.

28- 29 September 2021
Milano, Italy
